Puma's Bill Hogan named athletic director at San Francisco

Bill Hogan '74, athletic director and head men's basketball coach here at SJC, is leaving to become director of athletics at the Univ. of San Francisco, an NCAA Division I school.

He initially talked with San Francisco officials about the school's athletic directorship last September. Although the school offered the job to one candidate earlier this year, the offer was turned down, and Hogan accepted the position when it was offered to him the last week in February.

Hogan was named Saint Joseph's athletic director in 1982. His seven basketball teams have compiled a cumulative 104-92 record.

SJC's Science Building renovation begins

This year, one physical plant project stands above all the others: the extensive renovation of the Arts & Science Building, a summer-long task that carries a price tag of more than \$1 million.

Renovation work began before the close of the school year. The goal is to finish the project before fall-semester classes begin August 26.

The changes will include the installation of an elevator,

new windows and doors, remodeling of all restrooms and the addition of two new restrooms near the Auditorium, roofing repairs and tuckpointing, and the remodeling of the library to include air conditioning.

Ron Geleott '65, assistant vice president for facilities and planning, is overseeing the project, which is being undertaken by a company owned by Philip Wilhelm, a trustee of the College.

Statue of Saint Joseph dedicated in April

The statue of Saint Joseph, the educator, and Jesus that was sponsored by the SJC Parents Association (see *Contact*, Spring 1990) has been installed on the lawn to the east of Dwenger Hall. Dedication ceremonies were conducted by Father Paul White, C.P.P.S., on April 15, followed by a mass in honor of Saint Joseph.

Senior of the Year Award given to *two* SJC students

After hours of examining and reexamining essays and conducting interviews, the final decision of who should receive the Senior of the Year Award was so difficult that the Alumni Association broke tradition and awarded the honor to two students, Cris Cowan and John Waters.

The five finalists were Jim Cooley, a biology-chemistry major from Clarks Hill, Indiana; Cris Cowan, an elementary education major from Crown Point, Indiana; Sharon Hathaway, a mathematics major from New Haven, Indiana; John Waters, a radio-television major from New York City; and C.J. Steigmeyer, an accounting major from Fort Wayne, Indiana, whose father is Paul S. Steigmeyer '54.

Maureen Egan joins SJC staff as ARC director

Maureen Egan '90 has taken on the job of assistant director of admissions for alumni and parent relations (ARC). She will also serve as a regular member of the alumni and admissions offices. In an effort to better use alumni in the recruitment of new students, Ms. Egan will revise the alumni training manual, conduct training sessions, and work closely with alumni volunteers who are interested in locating new students for SJC.

Puma varsity overcomes alumni, 18-7, in spring clash April 20

Saint Joe's varsity used a strong running game to overcome the alumni during this year's alumni football game, but the nature of the victory left Puma football coaches and players aware that much work remains to be done before September's season opener. Head coach Bill Reagan admitted in an interview with SJC's Chuck Schuttrow that "we coaches

Kyle Myers '82 (above) received a post-game award as the best-conditioned alumni player. Willie Hutt '85 came the farthest distance (Alaska) to play; Al Waznis '76 was the worst-conditioned; Pat Leonard '88 won the Max McGee Award; Dave Bormann '82 was the MVP; and Dennis Dunn '66 (below, left, with Jerry Wenzel '53 and Fr. Leonard Kostka, C.P.P.S.) was the oldest player.

and players are disappointed in the way the game progressed because we weren't as dominant on offense or defense as we would have liked to be."

The alumni picked up their lone touchdown after pouncing on a blocked punt at the varsity 24. "The alumni played a very good game--they played smart and they were relaxed," Reagan said. "In contrast, our varsity looked a little foolish at times, such as when we permitted the alumni to get a couple of first downs on fourth-down plays from punt formations."

The varsity netted 233 yards in 53 total plays while the alumni had 207 yards in 60 plays. Both teams were plagued by turnovers, as the varsity threw four interceptions and lost one fumble while the alumni had four interceptions and two fumbles lost. The alumni led in first downs, 13-12.

1991 Sports Hall of Fame inductees named

Frederick C. Caito '69 and John P. Weinert were inducted into the SJC Sports Hall of Fame at the annual dinner on April 6.

Caito begins his 25th season as head trainer of the Chicago Bears with its 1991 season. He worked Bears summer training camp while an SJC student and was hired to work full time upon graduation.

Weinert served as SJC's head basketball coach from 1972-76, with a cumulative record of 73-29, the best in modern-day SJC men's basketball history. He is fundraiser for the athletic department at Bowling Green State University.

Donnelly elected to Alumni Board

John Donnelly, Sr. '55 has been elected to the SJC Alumni Board of Directors and began his term with the April 1991 meeting.

Mr. Donnelly is president of Applied Composites BP America in St. Charles, Ill. He and his wife, Michelle, are pleased that two of their children--Mary Beth '90 and Claudia Donnelly Kliment '80--graduated from Saint Joe's.

Centennial Activities

Centennial goes on the road again...

Fort Wayne

The Fort Wayne chapter is planning a bus trip from Fort Wayne to Saint Joe's for the 1991 Homecoming festivities on Sat., Sept. 28. This one-day trip will leave Fort Wayne around 7:30 a.m. and return to the city about 8:00 p.m. that night. Exact departure and return times, as well as the ticket price for this trip, will be established soon. Reservation information will be mailed in early- to mid-August. If you have questions or want to make an early reservation, call Angie Jehl at 422-4787(h) or 461-6078(o). Remember, this is the Centennial Year. If you haven't been back to SJC for some time, this is your opportunity to go back home for a good time! Mark your calendar now!

Cincinnati/Dayton

The Cin-Day group will be getting together for two big outings this summer and fall. On June 23, everyone is invited to a family picnic at the Council Bluff Shelter at Sharon Woods in Sharonville. The area has a playground, a 2-1/2 mile trail through the woods, a fitness trail, fishing and boating, a good location for fossiling, and a nearby historical village. Spend the day with other alumni and their families! Festivities begin at 12 noon and last until dusk.

On Sept. 13 the Cincinnati Reds play Houston, and SJC fans will be there cheering the Big Red Machine on to victory! A block of seats has been reserved that may be purchased through the local SJC organization by contacting Rose Scollard '84 at 513/891-8714. For more info on any area event, contact Mary K. Indianapolis

The big send-off picnic for incoming SJC freshmen from the Indianapolis area is scheduled for early August. All alumni, parents, friends, current, and incoming students from the area will be invited. This picnic is the chance to welcome the new students to the SJC family and to give them a start in developing new friendships before they even arrive on campus in late-August. Ann O'Hara '85 is coordinating the event and hopes to schedule us again at Eagle Creek Park. The picnic will last from 1:00 p.m. to 4:00. Plan now to join in. You will receive invitations soon.

Michigan

Mark Behnke '79 is analyzing area surveys to determine which direction chapter formation will take in the state. Response to his letter and survey was good; more than 50 alumni answered questions about chapter location, programs, and service projects with the admissions and career planning and placement offices. More info on the results is forthcoming.

Northwest Indiana

A planning meeting will be held in June to determine the direction of the chapter in terms of event programming and work with admissions and career planning and placement. Contact Tim Daly '88 if you would like to work with the chapter organization: 219/462-0697(h).

Chicago

Summer and fall will be busy times for Chicago-area alumni, parents, students, and friends. June 20 is the famous Puma Invitational Golf Outing at Oak Meadows Golf Course in Addison. The summer picnic at Bemis Woods is July 13, beginning with mass at 11:00 by Fr. Tom Conde '78 and followed by food and fun. All alumni, parents, friends, and students are invited. Look for Grove #1, on the south side of the Woods. (Exit off I-294 at Ogden Ave.) This is a terrific location, with lots of activity space in a beautiful wooded area, plenty of parking, and a private pavilion for the SJC

group. Event coordinator is Bill McGuire '66. For more info call Bill at 312/616-3305.

Take me out to the ball game! Join White Sox fans for the big game against the Baltimore Orioles in the new Comiskey Park on Aug. 4. Tom O'Brien '69 is chairing the event and has reserved 500 tickets for the SJC crew. Tickets cost \$8 each and are in the upper deck. Be sure to bring your family and friends! To reserve your tickets, send your name, address, daytime phone number, and a check made out to Saint Joseph's College to the Alumni Relations Office, Box 870, Saint Joseph's College, Rensselaer, IN 47978. Be sure to include your class year or college affiliation.

Other Chicago-area events include the annual meeting for business on Oct. 2 at Red Kerr's. Plan to attend to vote for the vice president to succeed Joe Dillon '76, who will become the president.

The annual Holiday Party is set for Nov. 30 at Red Kerr's in downtown Chicago. Tom '83 and Donna Mitchell '84 Mastandrea are planning another wonderful evening to match the very successful party in 1990. Plan on joining us all for this great holiday gathering with old and new friends. As in the past, the party is preceded by mass at Old St. Patrick's Church. Mark A. Krabbe, '53-'55, has been promoted to the rank of Professor of Teacher Education at Miami University in Oxford, Ohio. After attending Saint Joseph's College, he received a B.A. degree in philosophy from the University of Dayton,

Dr. Krabbe

an M.A. degree in English education from The Ohio State University, and a Ph.D. in administration, English education, and curriculum & instruction from The Ohio State University. He lives in Hamilton, Ohio, with his wife, Joan, and two sons, John Mark and Raymond. He is a member of Queen of Peace Parish, where he has been active as a CCD teacher, lector, distributor, and parish council member.

John L. Richert '53, who is Pulaski County (Indiana) Court Judge, has been appointed as an at-large member of the board of directors of the Judicial Conference of Indiana, an organization of all full-time trial and appellate court judges and magistrates in Indiana. Its duties include continuing education for judges and court-related personnel, promoting an exchange of experiences and suggestions concerning the operation of the state's judicial system, and seeking to promote a better understanding of the judiciary. Judge Richert previously served on the board of directors of the Judicial Conference as a representative of judges from Lake, Porter, LaPorte, Starke, Pulaski, Jasper, and Newton counties.

Ken Ryan '54 has retired after serving 32 years with Gainer Bank. He served 28 years in the trust department in client pension and profit sharing administration and left the position of vice president and employee benefits officer.

Mr. Ryan is a member of numerous professional and civic groups. His accomplishments include past president and board member, Lake County Foundation for Retarded Citizens; past president, Andean High School Parents Club; past president and current treasurer, Merrillville Civitan Club; and past lieutenant governor and treasurer, Midwest District Civitan.

Class of 1956: Plan to return for Homecoming, September 27-29!

Frank O'Reilly '57 is midway through a four-year term as Lakeland, Florida's first elected mayor since the 1920s. A recent article in the Lakeland, Florida, *Ledger* calls him "fiery, provocative and confrontational. He is easily the most outspoken member of the Lakeland commission in recent memory.... He has given the new position a high profile that overshadows its largely ceremonial duties." The article points out that O'Reilly "lacks the legal clout to enforce his will on city government." His one vote on the commission carries no more weight than any other commissioner's. However, the mayoral job calls on O'Reilly "to represent the city in myriad visits to churches and schools, meetings with community, civic and business groups, and attendance at just about any function where a local group wants its gathering to have 'the mayor' in attendance."

Among his accomplishments as mayor, he has pushed the city and police to tougher stands on teenage drinking, has worked hard to ban smoking in city buildings, and urges businesses to "adopt" individual schools by sending their employees into the classrooms as volun-

teers. "O'Reilly readily acknowledges his lack of real power," the article says. But "The mayor is the mayor," O'Reilly is quoted as saying. "When people talk about doing something, they look to the mayor. You can get a lot of good things done when people believe the mayor is behind something." O'Reilly also serves as assistant vice president of the Lakeland office of Merrill Lynch Pierce Fenner & Smith.

Jack Biel '58 has formed Jack Biel Associates to supply services to the die casting, foundry, and tool industries.

Sandy and Robert Findling '59 celebrated the arrival of a new grandchild in July and their 31st anniversary in October. Summer and fall travels included Paris, Spain, and Ireland; they also enjoyed the second Findling reunion in August in Ludington, Michigan, which almost 100 persons attended. They live in San Diego, California.

Class of 1976: Plan to return for Homecoming, September 27-29!

"Vivid," "colorful," and "dramatic" were words used by *The New Yorker*. "Exhilarating," says *The New York Times*. Both were describing a performance by soprano **Mary K. Bergman '79**...and about 170 other members of the Cincinnati May Festival Chorus... when they took their presentation of Mendelssohn's "Elijah" to Carnegie Hall in March of this year.

The Cincinnati Symphony and Pops travels to Carnegie Hall every year, but this year was the first performance by the Chorus, and they received a standing ovation. The trip was subsidized by the Corbett Foundation, Quantum Chemical, and the Cincinnati Symphony, with additional monies earned at a concert last November.

"Lithe chorus..." said *The New York Times*. "Diction and intonation were consistently admirable." "The chorus was better tuned, verbally more intelligible, and often musically more sensitive than the soloists," added *The New Yorker*. "We had a great time," says Ms. Bergman.

The Mayfest is an festival presented annually in Cincinnati that offers five different choral concerts in two weekends. Having begun in 1873, it claims to be the oldest continuous music festival in the United States. This year's event opens May 17.

Kenneth M. Soldat '79 has joined the law firm of Querrey & Harrow, Ltd., in Chicago, Illinois. He graduated from The John Marshall Law School with distinction in 1983.

The 1980s

Benjamin Berinti '80, C.P.P.S., graduated from Boston University School of Theology in January with a doctor of ministry degree. The title of his doctoral thesis is "Encounters at the Well: Critical Skills, the Development and Sustaining of Community, and Imagination as Foci for an Articulated Role for the Campus Minister-Educator."

Jannine Gamache Kaplan '80 recently appeared on the syndicated TV show "Divorce Court" and filmed a funeral scene with Dan Ayckroyd and Jamie Lee Curtis for the film "My Girl" to be released in the fall. She writes: "I hope it won't end up on the editing room floor!"

Jim Calabrese '84 was recently promoted to senior marketing consultant specializing in worldwide media relations at Andersen Consulting, Arthur Andersen & Co. He resides in the historic district of Chicago's Wicker Park where he recently purchased and is rehabbing a century-old four-flat apartment building and carriage house.

Matt Boyle '85 has been named National Administrator of the Catholic Kolping Society of America. His office is in Chicago.

Bruce Mathew '87, director of computing services at Saint Joe's, piloted his go-kart through 181 fast, safe laps to win the rain-delayed 28th running of the SJC Little 500 on April 14.

Steve McAleer '82, SJC's director of dining services, was Mathew's most serious challenger. He zipped through 178 laps during the three-hour race to finish second.

Running in or near the front of the Little 500 has been a pleasing habit for Mathew, who finished third in 1989 and second last year. This was a safe and fast race that witnessed assorted spinouts, no major accidents, and a maximum of strong kart performances, as 13 of the 16 karts were running at the finish. The speed and safety of the event also impressed observers, because no less than six rookie drivers completed. All of the karts ran with new engines.

Mathew collected a \$600 first prize. "Everything went right this year," he told SJC's *Stuff* editor-in-chief Norb Gray. "I broke all the brackets on my kart because of the rough track, and it forced me to make two extra pit stops. Fortunately I was able to get back out on the track without losing my spot. My crew did a great job."

"I can't say enough about the performance of my pit crew," he added in a separate letter published in *Stuff*. "They did a spectacular job. I had two pit stops that were under 20 seconds for fuel.... I didn't feel that I was the fastest kart in the race. Many of the other drivers were faster in the straightaways, but I could make up time on them in the corners and in my pit stops. I had just as much chance of breaking down as everyone else did, but I got lucky this year.... I feel that if I had any advantage at all in trying to win the race, that advantage would have to be my patience. I knew that if I could stay out of trouble and not be too aggressive, I would finish in a good position at the end of the race. This year it happened to be first, and yes, my pit crew and I are very proud."
